

I DO NOT support the repeal of a cross-ownership ban. This ban if lifted would put even more power in the hands of media giants who already have too much power. It benifits the american people to have many diffrent sources of information/news so that they can make a democratic decision on what to think. The repeal of this ban does not support this and in fact is the opposite of this. DO NOT LIFT THE CROSS-OWNERSHIP BAN. Thank you for your time.
